8 Port Switch Managed

Rackit 8 Port Managed Switch "10" Rack

8 Port Managed Switch ifra Rackit er designet for å passe inn i vår "10" rack løsning.

Den tilbyr 8x 10/100/1000 Base-TX ports Gigabit Ethernet.

SPECIFICATIONS

type	Gigabit Ethernet
Ports	8 x 10/100/1000 Base TX-Ports
IEEE Standards and protocols	IEEE802.3, IEEE 802.3u, IEEE802.3ab, IEEE802.3z
Switching Capacity	16Gbps
Power Supply	Build-in power supply, <10W
Management	Web/SNMP/SSH/Telnet(IPv6 ready)/Console
Input voltage	100V〜240V AC〜50/60Hz
Operationg temperature	0〜40〜.
MAC adress table	8K
L2 Features	IGMP Snooping, Link Aggregation, Port Mirroring, Cable Diagnostics, Loop Prevention
VLAN	VLAN quantity 4K
Security feature	Administrative Security, CPU protect Switch self-security protect, forbid flow attack, Prevent ARP spoofing
LED indicators	PWR, Link/Act LED.
Debugging tools	PING/TRACEROUTE Support, TELNET client support
Rack support	10 inch Rack mount
