

# Pro Series Cameras

Alarm.com for Business introduces our new Pro Series commercial-grade PoE cameras. With options for indoor and outdoor use and a wide range of commercial applications, the best-in-class Pro Series cameras help your customers monitor their businesses at all times. These high-performance cameras include exclusive features like Business Activity Analytics, transforming them into a powerful business operations tool.

## Key Features

- Supports 24/7 Onboard & SVR Recording
- Supports Business Activity Analytics
- 4MP recording options for increased clarity
- HDR and WDR video
- IR night vision up to 95 ft/30 m
- Waterproof, dust-tight, and impact-resistant
- Motorised varifocal lens options for greater install flexibility
- Compliant with Section 889 of the NDAA\*
- Powered by PoE or 12 VDC

## BUSINESS ACTIVITY ANALYTICS

Help customers monitor and manage their business strategically with Business Activity Analytics—a series of advanced video analytics rules that can be used to improve business operations.

Proactive alerts and insightful reports help customers gain a deep understanding of traffic patterns within their business, allowing them to optimise operations and save time, money, and frustration.

Learn more about the Pro Series cameras and access marketing, installation, and support resources on the Partner Portal.

ADC-VC827P

Pro Series 1080p Dome PoE  
Camera with Varifocal Lens  
ADC-VC847PF

\* Pro Series Camera availability will vary by country,

### ONBOARD RECORDING

Customers can enjoy 24/7 awareness with video recorded locally to a microSD card, removing the need for a separate SVR and simplifying their video installation.

Video can be played back and exported from anywhere using the web or mobile app, and encrypted storage ensures video is only accessible through Alarm.com.

Learn more about the Pro Series cameras and access marketing, installation, and support resources on the Partner Portal.

\* Applicable to VC847PF only.
